

# Reach thousands of potential voters in a single click

AutoCast by [Chorus Call Australia](#) is a managed service that simplifies your mass communications and provides an easy and ethical way to send automated calls and text messages.

**Flexible and scalable to accommodate any size and type of campaign, AutoCast includes advanced features and analytics.**

- **"Press 1" campaigns:**  
Encourage interaction by prompting people to respond with a digit between 0-9 on their keypad
- **Auto dial or SMS:**  
Automatically send voice or SMS messages to a verified list of contacts.
- **Blast messaging:**  
Mass SMS, polling or phone messages (all contacts DNC verified)
- **Voting and polling:**  
Gain insights about your electorate with unlimited questions and answers
- **Complete call analytics:**  
Receive a complete report after your campaign, including which recipients received, listened or responded to your message
- **High volume capacity:**  
Our system has the capacity to send up to 240 messages per second
- **Do Not Call Register:**  
Ensure your campaigns are ethical and compliant with industry regulations. All contacts are checked against the DNC list and won't be contacted for future campaigns
- **Answering Machine Detection:**  
Detect answering machines and play a different audio message or hang up the call
