

Voice & SMS Broadcasting for Unions and Associations

Make polling, membership renewals and mass announcements easier with automated Voice and SMS broadcast. AutoCast by [Chorus Call Australia](https://www.choruscall.com.au) is an easy to use platform that allows you to make communication with your members faster and easier.

Flexible and scalable to accommodate any size and type of campaign, AutoCast includes advanced features and analytics.

- **Lightning fast polling**
Survey your members in seconds and make decisions faster with automated voting
- **Send important alerts in seconds**
Have an important message to send to your members ASAP? Voice or SMS broadcasting lets you notify them instantly
- **Coordinate your teams**
Get your most important people together for de-briefings and emergency meetings
- **Do Not Call Register**
Scrub your contact lists against the Do Not Call Register to remain compliant with industry regulations
- **High volume capacity:**
Our system has the capacity to send up to 240 messages per second
- **Answering Machine Detection:**
Our system will detect answering machines and automatically leave a message or hang up the call
- **Full reporting and analytics:**
Access detailed analytics and post-call reports for your records
